WHY THIS FAILS

- 1 **Prescription eyeglasses and prescription sunglasses are eligible** — but these are marked **Plano** (non-prescription).
- 2 **Without a corrective prescription, eyewear is a personal item**, not medical care.
- 3 **Everything else is fine** (date, provider, amount) — the item itself is the disqualifier.

✓ WHAT TO SEND INSTEAD

Non-prescription/fashion sunglasses aren't reimbursable. If you have a vision Rx and buy **prescription** sunglasses, a receipt showing 'Rx' qualifies. (Reading and blue-light glasses generally need a prescription too.)
